

STATE OF CALIFORNIA
CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY
STATE WATER RESOURCES CONTROL BOARD

DIVISION OF WATER RIGHTS

In the Matter of License 4169 (Application 14273)
Otis W. Qualls, Jr.

ORDER REVOKING LICENSE

SOURCE: Unnamed Spring tributary to Unnamed Stream thence Dinkey Creek
COUNTY: Fresno

WHEREAS:

1. The Licensee submitted a Revocation Request form dated December 13, 2006, requesting that the License be revoked by the State Water Resources Control Board (State Water Board), Division of Water Rights (Division).
2. The Division interprets the Licensee's request for revocation as a waiver of the notice and hearing requirements set forth in Water Code sections 1675 through 1675.2.

Therefore, it is ordered that License 4169 is hereby revoked by the State Water Board, and the water is declared to be subject to appropriation. This revocation may not result in additional water being available for new appropriations if there are applicable restrictions due to past State Water Board decisions regarding water availability.

STATE WATER RESOURCES CONTROL BOARD

Victoria A. Whitney, Chief
Division of Water Rights

Dated: **JUL 18 2007**

STATE OF CALIFORNIA—DEPARTMENT OF PUBLIC WORKS
DIVISION OF WATER RESOURCES
STATE ENGINEER

License for Diversion and Use of Water

APPLICATION 14273

PERMIT 8780

LICENSE 4169

THIS IS TO CERTIFY, That **J. W. Qualls**
Tollhouse, California

OVER

has made proof as of **August 17, 1953,**
(the date of inspection) to the satisfaction of the State Engineer of California of a right to the use of the water of
an unnamed spring in Fresno County

tributary to an unnamed stream thence Dinkey Creek

for the purpose of **mining and domestic uses**
under Permit **8780**

of the Department of Public Works and that said right to the use of said water has been perfected in accordance with the laws of California, the Rules and Regulations of the Department of Public Works and the terms of the said permit; that the priority of the right herein confirmed dates from **April 27, 1951;** and that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to the amount actually beneficially used for said purposes and shall not exceed **thirty-six thousandths (0.036) cubic foot per second** to be diverted from about June 1 to about October 31 of each year.

The point of diversion of such water is located north three thousand eight hundred twenty (3820) feet and east two thousand one hundred ten (2110) feet from the confluence of Dinkey Creek and Swamp Creek, being within SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 14, T 9 S, R 26 E, MDB&M.

A description of the lands or the place where such water is put to beneficial use is as follows:

Within SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 14, T 9 S, R 26 E, MDB&M

The water used for mining purposes is released into Dinkey Creek within SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 14, T 9 S, R 26 E, MDB&M

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Department acting through the State Engineer in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the State Engineer.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein conferred subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Department.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

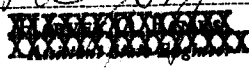

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property can not agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
